

MOÉSIO MARCELINO

FRONTEND DEVELOPER
moesiomarcelino.com

PROFILE

Hello, I'm from the Northeast with great pride, always looking for new learning and super open to helping those around me. I have and I like to communicate, express, ask and lead my life (personal and professional) with lightness, transparency and faith in what I do

GOAL

I'm looking for growth in my career like software developer and improve my seniority in Javascript stack (React, Vue, Angular...). In the same way I'll pretend increase in projects that generate social impact, enterprise growing and my professional evolution.
